Enclosures.

18th April 1923.

Dear Sirs,

With reference to my letter of the 16th instant respecting the S.S. "NOWSHERA", which is docking at your port tomorrow for survey with a view to classification with this Society, I have to inform you that plans of the vessel have ~~been~~ been obtained by the Owners, and are being taken to Falmouth by their Representative, who will meet you at the ship and will hand the plans to you.

As, however, the plans in the Owners' possession have not yet been verified in this Office, I enclose for your information and guidance the First Entry Reports and plans of midship section, main boiler, piping arrangement (2 plans) and settling tanks of the sister vessel "ROYALSTAR" (which is classed with this Society).

The Hull Surveyors' Report No. 34183 on their survey of the bunker spaces, &c. is also enclosed.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
FALMOUTH.
