14th April 1923 ..

Dear Sirs,

With reference to my letter of the 7th instant respecting the case of the steamer "NOWSHEERA", it appears from a letter received today from the Owners that the vessel is now at Antwerp, and will proceed to Falmouth where she is to be pleased in dry dock on the 19th instant.

In these circumstances I shall be glad if you will forward as soon as possible the report of the survey held by you on the bunkers, &c. while the ship was at your port.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
