

S.S. "NOWSHERA", No.68837 in R.B., 7920 tons gross,  
built by Workman Clark & Co. (yard No.437) in 1919.

Capt. Bond, of the British India Company, has  
telephoned to state that the Company wish the above vessel,  
owned by them, to be transferred from the British Corporation  
Class to Lloyd's Register Classification.

Capt. Bond states that the Company have no plans of  
the vessel in their possession, and it is submitted the  
Belfast Surveyors should be communicated with and be requested  
to obtain plans of midship section and profile of the vessel  
Boilers & pumping arrangements & particulars of injuries  
and forward them to this Office so that the scantlings and  
arrangements may be examined.
