27th March, 1933.

Sirs,

I duly received your letter of the 20th instant respecting the proposed inspection of the Donkey boiler of your s.s. "HOGARTH", and have to say that the Society's Liverpool Office has been instructed to explain the position to you, and I await a further communication from them on the subject.

As the position in the case of your s.s. "BOSWELL" which vessel is laid up in the Blackwater, is exactly similar I should also be glad to hear further from you in regard to this case.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

Messrs. The Lamport & Holt Line,
Engineers' Department,
