

5 DEC 1935

s.s. "FAVORITA"

The 2nd S.S.No.3 became due 6,32 and no part of this survey has been held.

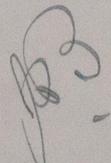

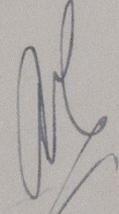

No.3 starboard double bottom tank is not to be used until cleaned and further examined with cofferdam, and a shell plate in D strake in way of No.1 hold starboard side requires to be repaired.

The vessel is laid up and the usual undertaking has been furnished.

In September last, the Special Survey being more than 3 years overdue, the Committee required a general examination to be held.

In reply the New York Surveyors state they are informed by the Owners that the vessel has been sold to the Northern Metals Co. of Philadelphia for breaking up, and that they will state in due course when the work of demolition begins.

It is submitted the vessel might be recorded in the Register Book as "To be broken up".
