Lloyd's Register of Shipping.

Port OF LIVERPOOL

27th March, 1935.

This is to Certify that I have

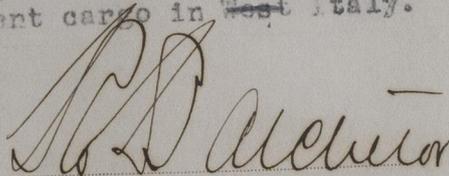

Surveyed the Boiler, and Machinery of the S.S. "AUTHOR",

5596 tons gross register of Liverpool

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that ~~all~~ recommendations made by me in connection therewith ~~have~~ been carried out to my satisfaction, and that I have

Recommended that the record of L.M.C.

~~be made~~ in the Register Book in the case of this vessel, subject to the starboard boiler not being used and to the vessel being broken up after discharging her present cargo in West Italy.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for accuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
