Dear Sirs,

With reference to your Representative's call at this Office this afternoon relative to the interim certificates issued by the Society's Surveyors at Rotterdam last month in respect of the steamer "ARENDSKERK", I have the pleasure to acquaint you that the Committee are agreeable to this vessel loading a cargo of coal at a North Sea or Baltic port before proceeding to Italy.

I may explain that the words used by the Rotterdam Surveyors "and notation of one bower anchor missing" in no way affects the validity of the certificate, so far as the contemplated voyage is concerned.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.
