

Chief Ship Surveyor 14.9.16

Received from Chief Ship Surveyor

SHIP NAME Steel S. S. Wilton Rpt. 24pl No. 15291

Remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/02.)

Survey

1st Entry

It is submitted that before this case receives consideration the Surveyors should be requested to state whether the 5 double bottom tank & the fore and after peak tanks have been tested & examined ^{as far as practicable} internally, afloat.

The accompanying approved plans (3) should be returned to the Surveyors who should be requested to amend them to agree with the vessel as built in regard to the fore peak tank top etc.

Dr. 14/9/16.
