LLOYDS REGISTER
REC LONDON.

RECEIVED JAN. 1904
ANSR

31st. December, 1903.

I beg respectfully to forward herewith for the consideration of the Committee photo print shewing the arrangement of material in the decks of Messrs. G. Brown & Co's S.S. No. 22. With reference to these proposals I am of opinion that provided doubling plates be fitted to the main deck stringer, in way of deck light opening; a wash plate be fitted in fresh water tank, the Builders proposals in other respects merit the approval of the Committee. A letter is also forwarded herewith from the Builders submitting equipment for the above vessel, and it is respectfully submitted for consideration.

The approved mid and longitudinal sections are enclosed for reference.

I am, Sir,

Your obedient servant,

The Secretary,

L O N D O N.
