71, Fenchurch Street, E.C.

22nd May, 1912.

Gentlemen,

With reference to Mr. Craig's report No. 16239  
S. on the Steamer "BELTANA", I have to call his attention to the  
upper deck plating in way of the bridge, which it is concluded  
is .46 in thickness as approved and as fitted in the sister  
vessel and not .42 as stated in the report.

I shall therefore be glad to hear from Mr. Craig  
on this point.

I am, Gentlemen,

Your obedient servant,

Secretary.

The Surveyors,  
GREENOCK.
