126, Higashi Machi,

Kobe, 31st May, 1921.

LLOYD'S REGISTER  
LONDON.  
REC'D 3 JUL 1921  
ANSW

S/S KASHIN MARU".  
Kobe Report No. 2982.

Reference

Dear Sir,

Replying to your classification letter of the December 17th 1920 I have to state that the thickness of the bulkhead plating at frame No. 77 is as approved namely .44" - .26" and that the owners consent was obtained for the strangement of fitting every third frame in the Holds in two lengths as reported.

Copies of the ships forgings and castings are forwarded.

Apologizing for the delay in replying.

I am, Dear Sir,

Yours faithfully,

*H. G. House*

The Secretary,

LONDON.

THE SECRETARY,  
HOSPITAL

CONFIDENTIAL  
I am, Dear Sir,

enclosed for you are the notes and photographs  
of the case of the patient who died on 10th July 1921.

The patient was a young man, aged 25, who had been  
suffering from a severe form of malaria for some time.

He had been in the hospital for some time and had  
received the usual treatment for malaria.

On 10th July he died and the post-mortem examination  
showed the following changes:

The spleen was enlarged and contained a large amount  
of malarial pigment.

Yours faithfully,  
S. A. Hill

Chief Ship Surgeon,  
Hospital
