Enclosure.

22nd July, 1932.

SUNDERLAND.

30981. As recommended.

30982, "LADY ASTLEY". Deferred for completion of 2nd S.S.No.3.

The Committee have carefully noted the contents of Dr.Pickworth's report on this case, and I have to thank him for the attention he has given to it. In the circumstances, in view of the fact that the vessel appears to be now laid up indefinitely, the Committee can only agree to the vessel retaining her class in the Register Book on the Owners' furnishing the printed letter of undertaking to complete the survey before she again goes to sea.

I enclose for your information a copy of a letter I have today addressed to the Owners on the subject and shall be glad if you will keep this case specially in view and advise me promptly in the event of the vessel leaving your port without the survey and all repairs being dealt with.
