3rd February, 1921.

S.

Dear Sir,

With reference to your letter of the 26th Nov. last, accompanying the Certificate of Class of the Twin Screw Sr. "Alabama Maru", I regret to state that owing to an error on the First Entry Report, the Registered Breadth given on the certificate requires correcting.

The Registered Breadth is 61-0 feet, kindly have same corrected on enclosed certificate, and also on First Entry Report.

I further regret that the error originally occurred on the First Entry Report of the T. S. S. "Arizona Maru", & shall be glad if you will have same also corrected.

Regarding the Certificate of Class of the latter vessel, enquiries have been made with a view of having same corrected, if necessary.

Probably some time will be required before this certificate can be obtained, so in view of this, & also owing to the length of ~~the~~ time involved in referring to ~~be~~ for correction, I wish to know, if in this case, it will be in ~~order~~ order to make the correction in Japan, provided, of course

Received 6

- 2 -  
the matter issfully reported upen by letter.

I am, Dear Sir,

Yours faithfully,

*R. Crawford*

The Secretary,

London.
