offered his services for this purpose, and why they were declined.

Carrying

Recten

Extract from letter dated Jan 15th 1940
ed from Mr Barker (Anglo Saxon Pet. Co.)

Some of them are over the stipulated diameter
----- the steam pipes will be given attention
at the first convenient opportunity, i.e., we do
not anticipate having a chance to do them
until next dry docking due in June next, but if
due to unforeseen circumstances an earlier
occasion presents itself, this requirement will
be dealt with "

J.S.R. Steam pipes ^{are 3"} to be tested

noted in S.R. (initials)
[Signature]

W68-0103

so, did the Surveyor examine the generators, motors, switchgear, cables and fuses?
... been tested and found to be not less than 100,000 ohms.?
