Carrying pet. in bulk Oil Eng.

Survey Due

2nd Special Survey No.2 due 5,31
(partly held on machinery)

In the middle of August last the Owners stated that this vessel was laid up at Singapore with no immediate prospect of re-employment, and they asked that the above survey might be postponed until such time as she was again due for re-commissioning. In the circumstances the Committee deferred consideration of the case accordingly.

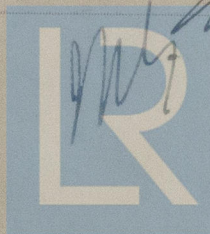

The Owners now write:-

"We now have to inform you that the vessel has been sold to Japanese buyers for breaking up purposes, and the object of this letter is to obtain your sanction to the vessel proceeding to Japan under her own power, in ballast condition, without carrying out this survey".
