Remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/6/32.)

of Survey

The class is subject to the stern frame, repaired by electric welding 6,28, being specially examined at the next dry docking.

The Dairen Surveyor reports the port and starboard after deep tanks examined internally and, together with the double bottom tanks in way, tested prior to carrying bean oil in these deep tanks.

It is submitted the vessel appears worthy to remain as classed without record of survey subject as above.

As now: subject etc.
