27th February, 1935.

Dear Mr. Brown,

I duly received your letter of the 17th instant reporting some additional facts in connexion with the case of the steamer "TRECII" which came to light as a result of your interview with the Diver employed in this instance.

After careful consideration it has been decided to pass on these facts to the Salvage Association for their information.

Thanking you for having called my attention specially to the matter.

Yours faithfully,

A.J. Brown, Esq.,
SPLIT.
