Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

12th March, 1935.

Dear Sirs,

H. With reference to the 2nd Special Survey No.3 which became due at the end of September 1933 on the steamer "FOTINI CARRAS", I have to acquaint you that the Committee recently agreed to this vessel proceeding to the Black Sea to load a non-perishable cargo for Bona, Oran or Algiers and thence to a West Italian port, where it is understood she is to be broken up, subject to a satisfactory General Examination by the Society's Surveyors at Piraeus, where the vessel was laid up, before sailing.

A satisfactory General Examination has been held at Piraeus and in the circumstances I shall be glad if you will keep the case in mind and advise me as soon as the work of demolition is commenced.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

GENOA.
