

THE "JOHN HARRISON" INQUIRY.

The formal investigation into the circumstances attending the loss, or supposed loss, of the steamer *John Harrison*, of London (O.N. 148495), which, as already reported in our columns, is to be held at Middlesbrough, will come before the Stipendiary Magistrate, Mr. Griffiths Jones, on May 12. It may be recalled that the vessel sailed from the Tyne for Amsterdam on Dec. 26, 1924, with a cargo of coal, and has not since been heard of.
