

LONDON,

14th July, 1921.

we

Steel Screw Steamer "SESOSTRIS", 7228 tons gross,

whilst lying in Tilbury Dry Dock on the 13th and 14th July, 1921,

the vessel's hull and machinery, so far as now seen,
is in a fit condition to proceed to Rotterdam, where it is
understood she will be submitted to survey with a view to
Classification in the Society's Register Book.
