

Steel S.S. "SESOSTRIS", No. 71898 in R.B., 7228 tons gross,
built at Flensburg in 1915, not classed with this Society.

A representative of Messrs. Harris & Dixon has called
at this Office today, and handed in a sketch of midship section
of the vessel which they have obtained from the Ministry of
Shipping.

The vessel is at present owned by the Shipping Controller
(R.Gordon & Co., Managers) and Messrs. Harris & Dixon have had
an inspection of the ship with a view to purchase.

They desire however to know whether it would be
possible to obtain the Society's Classification, and desire
that the scantlings and arrangements may be looked into for
this purpose.

It is requested that a reply should be sent to
H.M. Rogers Esq., care of Messrs. Harris & Dixon, as soon as
possible.
