

Liverpool

23rd April, 1907.

James Carnaghan

S S James James.

Messrs Kailton, Campbell, & Crawford
examined and test at their works,
on the 22nd April, 1907, a feed water
filter No 653 - intended to be fitted
to Messrs W. Beardmore & Co. Ltd. engine
No. 491.

The shell of the above filter was,
in the presence of the undersigned,
subjected to hydraulic pressure of
four hundred and fifty six pounds
(456 lbs) per square inch and under
that pressure was found satisfactory.
