Dear Sirs,

H.

I have to acquaint you that the steamer "CAPE COMORIN" has been generally examined afloat by the Society's Surveyors at Newcastle and they report that she is efficient to load a coal cargo from the Continent to an Italian port where she will be broken up, and I shall be glad if you will advise me when the work of demolition is commenced.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

GENOA.
