C2136

# Lloyd's Register of Shipping.

Port

NEWCASTLE ON TYNE.

24th October 1934,

This is to Certify that

I, FRED A. FERGUSON,

the undersigned Surveyor to this Society did at the request of

have made a General Examination of the Hull, Machinery and Boilers of the steamer "CAPE COMORIN", 5146 tons gross, now lying afloat at Wylth, Northumberland, and that I am forwarding a Report to the Committee of Lloyd's Register of Shipping, London, in which I am recommending that the present Classification of the vessel, # 100A.1, be maintained for the proposed voyage from a U.K. or near Continental Port with a cargo of coal direct to Italy, on the definite understanding that she will not continue trading thereafter but will be broken up at an Italian Port after her discharge in that Country.

Fee :- £10.10.0

*Fred A. Ferguson*

SURVEYOR TO LLOYD'S REGISTER.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :-

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
