

Periodical Surveys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs in account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes;

E, Chief Ship Surveyor

Received from Chief Ship Surveyor

'S NAME "PALUDINA" Rpt. Rot. No. 23931

Remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Survey

It is submitted that before this case receives the consideration of the Committee the attention of the Surveyors be drawn to the Secretary's letter of the 7th ultimo where reference is made to a number of items of the Survey which were left over from the last Modified Survey.

Their recommendation for the extension of class is noted but as it appears from the report that a number of the items above referred to have not been dealt with they should be requested to state whether any arrangements have been made in respect to the same.
