Dear Sirs,

*Damage through heavy weather*

With reference to the Boiler Survey which became due in June last on the steamer "ESSERX ISLES", I beg to acquaint you that this inspection has been partly held and that to complete the same all the safety valves require to be adjusted. In the circumstances I shall be glad obliged if you will kindly let me know, for the information of the Committee, when and at what port it is expected an opportunity will occur for the survey in question to be completed.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.
