1 Enc.

13th., October, 1904.

B.

Gentlemen,

I have to return herewith the electric lighting report on the new S.S. "WRAV CASTLE", and have to request that you will be good enough to state thereon where the switches controlling the masthead and side lights are placed, as this information has been omitted.

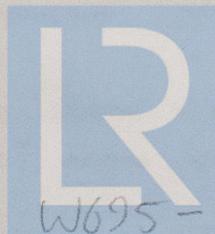

I have also to request that you will be good enough to explain whether the statement on the report to the effect that the armouring of the cables in the cargo spaces is composed of "galvanised wire No.15, No.16 & No.17 S.W.G." is correct, in view of my letter to you of the 15th. October 1903 on this subject.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,  
SUNDERLAND.
