

J.S.S. Princess (ex Kronprinzessin Cecilie)

Rule Dimensions 472.0 x 55.0 x 33.0 to Upper Deck  
41.0 " Bridge "

Scantling nos. 88.0 and 41530.

Proportions -  $\frac{L}{D} = 14.3$  to Upper Deck  
11.5 " Bridge "

The scantlings and arrangements as stated on the Reports and Orthographic Sketch of Profile received from the German Surveyors, have been compared with the Rule Requirements, and have been found equivalent thereto.

It is submitted the Vessel will be eligible to be classed 100A - Subject to the Apron Bulkhead being extended to the Upper Deck or to the Deck next below, provided this Deck be made watertight from the Bulkhead to the Stem of the Ship.

For Equipment, see separate endorsement

Mr. Chisholm of the Ministry of Shipping should be advised.
