E. C. 3.

The Secretary,
Lloyds Register of Shipping,
71, Fenchurch Street,
LONDON, E. C. 3.

Dear Sir,

S/S "PRINCESS".

With reference to the classification of this steamer, we beg to state that we are carrying out all your recommendations for Class 100 A.1. except Bower Anchors, which your rule requires to be

- 1 Bower - 77 cwt. Stockless.
- 1 Bower - 77 cwt. Stockless.
- 1 Bower - 65 cwt. 2 qrs. Stockless

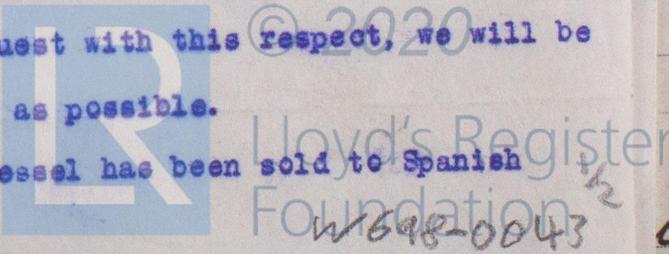

making in all 219 cwt. 2 qrs. and suggest the following modification for your consideration.

- 1 Bower - 77 cwt. Stockless.
- 1 Bower - 60 cwt. Stockless.
- 1 Bower - 60 cwt. Stockless.
- 1 Bower - 60 cwt. Stockless.

making in all 357 cwt.

By your granting class A.1. with this modification, the Government would be saved a considerable expense, but if your Committee cannot consider our request with this respect, we will be glad of their decision as soon as possible.

S/S "BECHUANA":- This vessel has been sold to Spanish

11/10/1919.

The Secretary,
Lloyd's Register of Shipping,

Owners for delivery in South Africa, where she is now bound, and we desire to hand over the necessary Equipment Certificates complete but we find that the Certificates for the Stream and Kedge Anchors have gone astray, and we desire to have duplicates issued.

We enclose rough sketches of these Anchors with the markings thereon, certified by the Master and 1st. Officer, which we trust will be sufficient proof for your ^{guidance} notice and will enable you to grant the required duplicate certificates.

Yours faithfully,

FOR ELLERMAN & BUCKWALL STEAMSHIP CO. LTD

H. Rennie
Suplt. Engineer.
