29th May, 1920.

Dear Sirs,

With reference to your letter of the 18th instant respecting the Geared Turbine Engines made by Messrs. Parsons Marine Steam Turbine Co., Ltd., (your first entry report No. 71532) and now fitted into the s.s. "WAR GLORY" (now named "MONTE PASUBIO"), Messrs. The Hammouth Shipbuilding Co's No. 2 vessel, I have to inform you that in view of the fact that the special duties with regard to the specification were carried out to the completion of these engines in the shops, the proportion of the usual Standard fee has been charged for the work up to this period, viz:-£72:14:0.

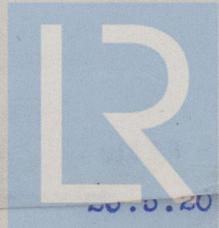

On payment of this fee your account will be credited accordingly, and I shall therefore be glad if you will kindly see that the necessary entries are now made in your Rough Fee and Debit Books in the usual way.

I am, Dear Sirs,
Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE-on-TYNE.
