COPY

Dear Sirs,

I duly received Mr. Boylan's letter of the 29th ult. regarding the classification of the steamer Trawler "MATSUKAZE MARU" and in this connection I have to confirm as under a telegram addressed to you today:-

"TRAWLER MATSUKAZE OWNERS DESIRE RETURN CLASSIFICATION  
PLEASE HOLD BOILER SURVEY BEFORE VESSEL LEAVES NAGASAKI"

I enclose herewith a copy of a letter received from the Owner's today from which you will note that they desire to return Classification and would like the Boiler Surveyed before the vessel leaves Nagasaki (about the 23rd inst) You had better forward the copy of their letter to London with your Survey Report from which London will see that the delay has been due to a misunderstanding on the Owner's part.

I have requested them to notify their agents at Nagasaki.

Yours faithfully,

H. Jasper Cox.,

The Surveyors,  
NAGASAKI.
