YUSHUTSU SHOKUHIN KAISHA, LTD.

Tokyo, 9th Dec., 20.

Mr. H. Jasper Cox,
Lloyd's Register of Shipping,
Kobe.

Dear Sir,

Your esteemed favour duly to hand and we thank you for your kindness and appreciate your good advice about the steam Trawler "Matsukaze".

Of course, we want to keep her at the Classification but we didn't think it necessary to undergo the boiler survey until the Special Survey for which she will be due in May 1923.

The said vessel is expected to leave for Formosa in a fortnight, and we shall be much obliged if you kindly inform us if she can undergo the boiler survey at Nagasaki before her departure or, if possible, we should like to have her surveyed at Kelung, Formosa.

Thanking in advance, we remain,

Yours very faithfully,

Yushutsu Shokuhin Kaisha, Ltd.,
