

Steel Screw Steamer No. 1041

building by Messrs Swan, Hunter & Wigham Richardson Limited
to Class 100 A.1, Arch Dk-
Equipment letter (S).

000000

The Surveyor states the collective weight of the
three stockless bower anchors supplied is 109. 2. 14 ^{Cwts qrs lbs} instead
of 110 cwts as required, the deficiency in weight being 1. 14 ^{Qr lbs}.

It is submitted in the circumstances the anchors as
supplied might be approved.

FRI. DEC. 21 1917.
