 Letter

The Secretary,
 London,

Sir,

We beg to forward herewith a letter received from Messrs R. Williamson & Son, from which will be seen that they propose to fit in their S.S. No 193 vessel, 75 fathoms of 5 manilla and two 60 fathoms of 4 manilla in lieu of the 90 fathoms 5 warp required by the Rules.

The Builders proposal is submitted for the favourable consideration of the Committee.

The approved plan of midship section is enclosed for reference.

We are, Sir,

Your Obedient Servants,

The Surveyors.
