5.22		+TNS 2.15
ss Bot No 3-5.22		T.S. 5.22

Periodical Surveys, when held, must be reported in detail and seriatim in the terms of the Rules. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors or Chains is reported, the particulars should be clearly stated in the space provided on the back of this form. State also the dates and initials of any letters respecting this case.

Society's Freeboard (if assigned) as painted on Ship and now verified

In damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and to whom and why they were declined? Was a damage report made by anyone else? If so, by whom?

REPAIRS, OR EXAMINATION AS PER RULE, FOR Annual Overhaul

The vessel was taken out of commission on the 3rd August for Annual Overhaul of hull and machinery and for drydocking as recommended in my report of 3/Aug '22; owing to the Company's requirements it was decided not to drydock the vessel at this juncture, but the following work was carried out.

ON DECK - Windlass, winches examined, necessary repairs effected and then reassembled in good working order.

Steering gear and engine opened up, overhauled, necessary repairs carried out, chains examined and everything put in proper working order.

Fire damage repairs effected, see my report dated 18/July '23 the five planks on bow deck and five in main deck of No. 11 deck cabin were removed, this involved the removal of fittings
