Sir,

RECD 9 APR 1915 S. S. "BINGERA"

ANSP This vessel is engaged in running between Brisbane and Townsville via Ports, she used to run the Mail, but the Contract fell to the Howard Smith Coy. who have the S. S. "COOMA" engaged in that service, she starting last November, and since the change of machinery the "Bingera" has run in opposition, starting 4th December last; and has been most successful in her running.

The Engineers on board, as well as the Company's Superintendent Engineer report that engines are working very satisfactorily, which is amply proved by the way the vessel maintains her timetable, for the run is a very trying one.

I thought that you would like to know that everything was so satisfactory.

I am, Sir,

Your Obedient Servant,

R. S. Langford

Surveyor.
