Brisbane, 15th February 1915

Sir,

S. S. "BINGERA"

I am forwarding by this mail the reports in connection with this vessel; Report 9 is not yet signed by Mr. Campbell, the Engineer Surveyor to the Marine Board, I have the permission of the Chairman for Mr. Campbell to sign, and the latter is willing, but he wants written authority and that is not yet forthcoming, and the matter has to be considered by the Board. Mr. Campbell was the only man outside of the Owners representative who was in the Boilers; therefore I have signed in pencil Mr. Campbell's name and sent the reports along to avoid further delay and next week I hope to be able to send a copy of same Rpt. 9 ~~but~~ properly signed. I have told the Chairman that Mr. Campbell will receive an honourarium as a fee, and have allowed for that; and regarding fees to be charged I am in something of a dilemma as to what to charge. I have made the total at 25 guineas dividing it as to £10. 10. 0 for the engines and boilers, and £15.15. 0 for hull equipment and freeboard, which I trust is in order. I am to meet the Manager of the A. U. S. N. Coy. here regarding this question, before putting in the account, meantime it will not show in my quarterly statement unless they are agreeable to that amount.

Trusting you will receive all in order,

I am, Sir,

Yours obedient servant,

A. Scott, Esq.,

Secretary,

LONDON. E.C.
