ENCLOSURES.

9th August, 1939.

Dear Sirs,

Messrs. Swan, Hunter & Wigham Richardson, Ltd.  
Yard No.1569 - Engine No.1624.  
-----

E.

I return herewith two copies of the plan, forwarded with your letter of the 28th ultimo, of Fuel Oil Overflow and Drain Tank proposed for the above vessel, and have to inform you that this plan will be approved provided the welding be carried out to your satisfaction and the tank be constructed under the usual conditions of survey and testing.

I may say that the capacity of this tank appears to be very small for a main overflow system, and I shall be glad to learn the purpose for which it is intended. A diagrammatic plan of oil fuel filling and overflow systems should be submitted in order that the matter may be further considered.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

NEWCASTLE-ON-TYNE.

Assistant Secretary.
