

Shipbuilders: Messrs **SWAN HUNTER & WIGHAM**
Engineers: Messrs. — do — **RICHARDSON LTD.**

Yard No. **1569**
Engine No. **1624**

It is submitted that the plan of Fuel oil
overflow & drain tank merits approval
for provided the welding be carried out to the
provided surveyors satisfaction, & the tank be
constructed under the usual conditions of survey
& testing.

The surveyors should be informed that the capacity of this tank
appears to be very small for a main overflow tank system, & it
is desired to know the purpose for which it is intended. A
diagrammatic plan of oil fuel filling & overflow systems should be
submitted in order that the matter may be further considered.

Return two plans

Retain one copy.
