Ans'd. 17  
LONDON

Reference

Dear Sir,

Messrs. Swan Hunter & Wigham Richardson Yard No.1624.  
Cochran Boiler No. 14443.

I beg to submit for the consideration of the Committee, an amended plan in duplicate of the above boiler, indicating an error which has been made in the arrangement of the tubes.

The error is confined to the misplacement of one stay tube and as this deviation from the approved plan does not appreciably increase the involved supported areas beyond the maximum obtaining in other parts of the tube plates, it is submitted that the arrangement of stay tubes, as fitted, be approved.

The boiler has been tested today and as the Makers are desirous of despatching it as soon as possible, they have asked the favour of approval by wire.

The approved plan is also enclosed.

I am, Dear Sir,

Yours faithfully,

The Secretary,

GLASGOW.
