Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

Enclosures.

24th October, 1939.

Dear Sirs,

E. I return herewith one set of the plans, forwarded with your letter of the 13th instant, of Electrical Equipment proposed for Messrs. Swan, Hunter & Wigham Richardson's Yard No. 1569, and I have to inform you that these plans will be approved provided the installation be as shown and amended thereon, and to your satisfaction, and the remaining requirements of the Rules for Electrical Equipment be complied with.

I have to add that the sizes of the ring main cables are approved only for balanced operation of each leg of the ring main and that it is to be demonstrated by means of ammeters in circuit or by resistance measurements that balance is obtained, otherwise the sectional area of the mains will be required to be increased to avoid overloading of portions of the ring main.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,

NEWCASTLE-ON-TYNE.
