No. 8192

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

Nature of Survey

The Philadelphia Surveyors recommended in December last that this vessel be further examined in dry-dock on account of grounding.

The Genoa Surveyors now report the vessel placed in dry-dock, bottom cleaned and coated.

It is submitted the vessel appears worthy to remain as classed with record of survey 5.22 as recommended.

100 Al shelter dk with freshboard.
