

COPY FOR LONDON OFFICE.

Lloyd's Register of Shipping.

Port YOKOHAMA

4th November, 1920.

This is to Certify that I have

Surveyed the Boiler and Machinery of the Steel Single Screw Steamer

*"TOKUYO MARU" of Yokohama, during construction, fitting out and
under steam at Tsurumi.*

*and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have*

*Recommended that the record of ☒ L M C 11-20 and notation
fitted for oil fuel F.P. above 150° F.*

*be made in the Register Book in the case of this vessel.
subject to pumps heaters and delivery, being fitted under survey and
system tested also to cross connections between oil and F.W. systems
being blanked and oil suction controlled from deck out side casing.*

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
