21st January 1921.

Dear Sirs,

I have to inform you that the S.S. "TIDAL" built by Messrs Colby Bros, Ltd., Lowestoft has left in tow for the river Wear, to have her machinery installed by Messrs. Pollock & Mc. Coll, and request you to attend to the following items required to complete survey.

The Engine Casings to be riveted and Poop deck hose tested.

Steam pump suction, windlass and steering gear to be tried.

Forward machinery space W.T. Bulkhead to be tested.

Hand pump <sup>connection</sup> ~~suctions~~ to deck on port side aft, to be hose tested, this was found to be leaking when the decks were tested before the vessel left.

I am, Dear Sirs,

Yours faithfully,

( SGD ) N. Dobson.

The Surveyors,

SUNDERLAND.
