Lloyd's Register of Shipping.

Port ALEXANDRIA

4th March 1916

This is to Certify that I have

Surveyed the H.M. Transport "MOORGATE", (E.1028)

3813 tons gross of London, Master H.W. Foley

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and that I have Recommended that she be Continued as Classed in the Register Book, together with the record of S.S. Alx. No 2.16, when her tanks have been surveyed, and one bower anchor & 15 fathoms of cable placed on board, and subject to permanent repairs being done to her hull being fit to carry Perishable Goods. The temporary repairs which have been now effected, are of such a nature, which will enable the vessel, in my opinion, to continue trading, as requested by the Admiralty.

J. Roberts

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :—
While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of omission, default, or negligence of the Surveyors, or other Officers or Agents of the Society.
