Dear Sirs,

H.

With reference to your letter of June 16th I have been talking to the Captain of the "Teesborough" and he informs me there is a lot of grass on her bottom, and of course she will get about very much quicker with this removed. This being the case, I have arranged to dry dock her to-morrow or Wednesday at Bairds Dry Dock North Shields, and will at the same time take the opportunity of drawing the tailend shaft for inspection. Messrs. Baird will inform the local surveyor when shaft is ready.

Yours faithfully,

Richard Chester
