

Messrs. R. Williamson & Sons' S.S. No. 215.

Equipment Number: 7764
Equipment Letter 1

The anchors required for this vessel are of the following weights:-

	cwts	qrs	lbs	
1st Bower Anchor	14	2	0	stockless
2nd " "	14	2	0	"
3rd " "	12	3	0	"
Collective weight	41	3	0	

The weights of the anchors supplied are as follows:-

1st Bower Anchor	14	2	12	stockless
2nd " "	14	0	8	"
3rd " "	12	3	0	"
Collective weight	41	1	20	

It will be seen that the weight of the Second Bower Anchor is 1 qr. 20 lbs less than required, but the weight of the First Bower Anchor is 12 lbs in excess of that required, in the deficiency weight being 36 lbs, or less than one per cent, ~~of the total weight required.~~

It is submitted that, in view of the slight deficiency in the total weight of the anchors supplied, these might be approved in this instance.
