Received by Chief Ship Surveyor .....

Received from Chief Ship Surveyor .....

VESSEL'S NAME Steel Twin Sc.Sr. "PORT BRISBANE". Rpt. Nwc. No. 86078

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92).

Nature of Survey .....

The class is subject to indented plating being dealt with at the Owners' convenience.

The Newcastle Surveyors now report the vessel placed in dry dock, bottom cleaned and coated.

Alterations have been effected to the after engine room bulkhead and tank top, new reverse frames fitted to floors in way, for installation of Bauer-Wach turbine.

The indented plating referred to above has not been dealt with.

It is submitted the vessel appears worthy to remain as classed with record of survey 8.30, subject as above, as recommended.
