Dear Sirs,

I have to acquaint you that in August last the Society's Surveyors at Barry recommended that on account of its condition the centre furnace of the starboard Main Boiler on the steamer "ZONE" should be examined before the end of this month. A letter has now come to hand from the Owners in which they state the vessel is expected in the Bristol Channel about the end of this week when the requisite inspection will be carried out. I have therefore to request that you will give the case attention in the event of the Steamer's arrival in your district.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

CARDIFF, SWANSEA, BRISTOL & NEWPORT.
