

PACIFIC MOTORSHIP COMPANY

San Francisco, February 1st, 1921.

Lloyd's Register of Shipping,
454 California Street,
San Francisco, Cal.

Dear Sirs:

We beg to acknowledge receipt of your letter of the 24th of January with regard to the annual survey of the oil engines of the M/S "BALCATT", and in reply thereto will advise that this vessel is now in South American waters near Talcahuana, and we are not able to advise at this moment just when she will return to San Francisco, she having collided with a rock off Point Lobitos which will necessitate repairs being made in South American before her return to this Coast.

Yours very truly,

PACIFIC MOTORSHIP COMPANY
